

Testimonials

"We first heard about the Diamond Dreams organization in July of 2006. Joshua was a player and I was a coach with a travel baseball team out of Milford, DE. The other coaches and I became concerned that we would not be able to take our players to the next level of baseball.

In October of 2006, I enrolled Joshua in the hitting and pitching program at Diamond Dreams. Immediately my wife and I realized the high level of expertise of the staff. We as parents were amazed at the rapid improvement in Joshua's knowledge and ability related to playing the game of baseball. He was not only taught to do things properly, but he was also taught to think about the game properly. Josh performed much better with his school team; and because some of his teammates were also enrolled in the program the school team had their first undefeated season!

Joshua pushes us to bring him to the Diamond Dreams facility as often as possible (an hour drive 3 to 4 times a week). The entire family really enjoys making the trip down. Seeing Joshua grow and for me to be able to continuously learn more about the game is exciting.

Joshua is now a player for one of the Diamond Dreams teams. His love and excitement for the game is constantly nourished by the entire staff of coaches and trainers. As a family we would not trade this experience for anything.

Thank you Diamond Dreams for making a difference" - **Jason James**

"My son has been in the organization for four years. Every year I have seen mass improvements in all areas of the program. The most improvements have been in the areas of strength, conditioning and speed. Being a father it is wonderful to see when a program works. I have watched my son who is now 13 grow in size and strength. His speed has increased. All of these things directly come from the training he has received at this facility with the instructors. They have always looked for new and improved ways to make all of the areas better. The staff does not just sit on their hands and say this is good enough, they always say what can we do better to make the kids better. To me it's not just business, it's personal. That is very refreshing in this day in time." - **Mike Wyatt**

STAFF

We currently have on staff three pro scouts, a former MLB player and current minor league coach, former college coaches, former and current professional baseball players, and certified fitness instructors. Our staff members have certifications from the National Pitching Association, Titelist Performance Institute, and Competitive Edge Sports.
